KEEPING EVERYONE IN
THE PICTURE—24/7

GO 4 Schools CPD events
are developed with the
ethos of :

‘Improving together’

We aim to extend your
knowledge and confidence
in school data, to support
a sustained
implementation and the
opportunity to share
practice across schools.

Our customers receive the
most relevant and up to
date information about a
range of modules and key
updates in education and
functionality.

Building and
strengthening our
response to schools’
requirements to ensure
we are supporting you
effectively.

Advice and training in all
key modules of GO 4

- Data requirements at different times through the Academic Year
- Introduction to Key Stats for KS3, KS4 and KS5 and associated terminology
- KS2 data used in secondary schools
- Subjects and Qualifications and their impact on KPIs.
- Grade types in GO 4 Schools (target and progress grades)
- Managing your Target data
- Introduction to markbooks (MBs are covered in detail in another course)
- Reports and snapshots
- Introduction to using explorers
- Introduction to student attributes

Available sessions:

Wednesday 3rd July 9.30am—4pm

This course is specifically for:

NEW School data managers/administrators

GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes.

GO 4 Schools is unique in the way live current grades are calculated within the Markbook module to measure against school target data. A MIS feed into GO 4 Schools automatically picks up student demographic data e.g. pupil premium, SEN, etc. to enable further filtering of your data to identify key focus groups for intervention.

When linked to attendance and behaviour data this is a very powerful tool to identify and make strategic decisions for school improvement. GO 4 Schools’ holistic approach is designed to give you a pathway to get from where you are now to where you want to be. Our complete training offer supports your staff development and confidence in the effective use of school data.
