GO 4 Schools is a powerful, joined-up, easy-to-use, online system that allows your staff, students and parents to access the information they need – 24/7 – to work together to improve student outcomes.

Powerful core functionality is available to you via the Starter edition which gives all staff and students instant access to the summary assessment, progress, attendance and behaviour data they need to support improvement.

Online data collection and immediate in situ analysis of data by cohort, subject, teaching group and focus group saves everyone time. GO 4 Schools can make the use of data so quick and easy that it becomes part of the normal working day in your school for all staff.

With instant data, you can work faster: you can identify students needing help sooner, start delivering that help sooner, and monitor the effectiveness of your interventions as they take place to ensure students are progressing.

The Starter edition is your stepping stone to school improvement and encourages everyone to engage with your school's data.

How GO 4 Schools is different

- Speed and convenience: KS1-KS5 data can be recorded and analysed – instantly – in a single, joined-up, online system.
- Flexibility and transparency: Work with just summative data or use the add-on modules to collect, analyse and share detailed assessment/attendance/behaviour data so the whole school can benefit from a 360° view of each student.
- Inclusivity: All staff, students and parents can be given access to clearly-presented information to support improvement, removing obstacles and reliance on individuals who may not always be available.
- Rigorous and future proof: Constantly evolving, GO 4 Schools calculates Progress 8, is aware of the latest discount codes and the Wolf List, and has support for GCSE/KS5 fine grades and Life after Levels for KS1-3.

Work smarter with joined-up data

- Instantly view Key Stage statistics such as Progress 8, Attainment 8, EBacc, The Basics, L3VA etc, using today's data, and include off-timetable courses such as first-language GCSE results.
- Track progress and residuals using projected and/or working grades and measure progress from external SATS scores and/or TAs.
- Monitor gaps by analysing cohort, subject and teaching group data using built-in focus groups such as Pupil Premium.
- Define your own custom focus groups for analysis and staff information, such as “English intervention students”
- Help your staff plan effective lessons and maximise your return on investment by supplementing student demographics with focus groups and external test results such as CAT scores and Reading Ages in markbook popouts.
- Quickly produce progress reports and instantly take snapshots of summary data as often as you need to compare “then” and “now” to monitor the effectiveness of your interventions.
- View transition matrices, flight paths and interactive scatter plots and charts to monitor progress.
- Use flexible ‘explorers’ to build customised views of data: sort and filter them and produce instant, printable student postcards for your war room.
- Student timetables, demographic data, focus groups such as Pupil Premium, class lists, and summary attendance and behaviour data, are updated from your MIS automatically every night.

What options are there?

GO 4 Schools is a modular system. You choose the modules you want to start with (see left) and simply add other modules as and when your school is ready. The Core edition of GO 4 Schools provides all of the ease-of-use and statistical analysis benefits of GO 4 Schools, but with other modules switched off, waiting in the wings for when you are ready.

Core benefits

Whichever modules you choose, you will receive:

- Easy, real-time analysis of performance, attendance and behaviour data by year group, subject, teaching group and focus group.
- The ability to define your own focus groups for analysis, planning and monitoring interventions.
- The ability to capture snapshots of data to allow you to compare “then” and “now” and to track progress over time.
- The ability to set up non-timetabled curriculum areas to give value to extra qualifications e.g. twilight courses and first language exams.
- Support for Life after Levels with school-defined grading schemes.
- The ability to link results from external tests such as CAT and MidYIS to performance, attendance and behaviour data, ensuring the best return from them and giving your staff a 360° view of each student.
- Automatic, nightly updates of class lists and key student data such as Pupil Premium from your MIS to GO 4 Schools.
- Automatic software updates to all of the modules you are using.
- Access for all staff and students, online, 24/7, with single-sign-on for Windows networks, giving your staff and students one-click access to the information they need.
